Explanation

G/E/L = choice of the table, G+E+L = events on all 3 tables.

Events:

Open singles, Open doubles

When you register Every player or team has to choose one table out of the three tables (Eurosoccer, Garlando, Lehmacher) on which he/they will play the qualification rounds. It is however possible to play on Garlando in a singles event and on Eurosoccer in doubles.

On the choosen table there will be played in double KO-system (best of three). The best 32 on each table qualify for the main event.

When you count together the best 32 of every table, you'll have a total of 96 players or teams that qualified. They will then likewise play in a double-KO system (best of three to 5) on ALL THREE the tables.

All the other WC-Title events (**Mixed, Ladies Single and Ladie Doubles**) will be played in double KO best of Three to 5 system, from the very start and this also on the THREE tables

Example of prize money:

- When in qualifying round you finish 3rd on your chosen table (for example Eurosoccer) you win € 300, in prize money. In the Qualified round for open doubles (best 32) this team finishes 5th they win € 1.100, Total prize money in Doubles comes to a total of € 1.400

WC Team Cup

Per nation 1 female and 4 male players compete. They will play 1 doubles, 1 single and 1 mixed game. After the teams are formed the three tables will be assigned by a lottery (draw) to the mixed, single and doubles play. On the tables will be played in a best of three to 5. The winning team is the team that wins at least 2 out of three events.

A Rookie is not allowed to compete at Semipro-events.

Example for Game system on 3 tables (G+E+L):

Player/team "A" chooses for the EuroSoccer and player/team "B" chooses for the Garlando. A coinflip decides on which table the first match starts. Assuming player/team "A" wins the coinflip, the first match will start on the EuroSoccer and the second match will be played on the Garlando. In case of 1-1 the match will be decided on the Lehmacher table. The player/team who wins the coinflip can also decide how to start the match.

Finals:

The winner of the losers bracket has to win a complete match more than the winner of the winners bracket.

THE EUTSA WC will be played according the:

International Eutsa recognized rules !

(These rules will be announced in January of 2004)

An International ranking list will be put together by EUTSA.

(this ranking list will be published in the beginning of 2004)

Training on the 3 WC-tables:

From January 2004 until the WC (end July 2004) at several **EUTSA-supported Tournaments** in as lot as possible European countries, the 3 Tables will be present.

Additionally playing locations can apply to serve as a **WC-Trainings location**. At these locations can be trained on the 3 WC-tables.
